

Elantré- The Fashion Society Of Bharati College

Elantré was formed in 2014 with the aim of giving young girls a platform to showcase their talents in the field of fashion. Over the years Elantré has proven to be one of the best fashion societies in Delhi University.

Under the guidance of Dr. Fatima Hussain, Convener of Elantré and Ayushi Bhalotia, President 2021-22, the society operated in online and offline mode from July 2021 to June 2022. We started by selecting a team through 2 rounds of auditions conducted online. After the team was formed, we kept meetings to become familiar with the team members and make them comfortable. The society operated in online mode from July'22 to February'22. During this period, several theme based tasks were given to the models and makeup artists, then posted on instagram handle of the society to increase the social media reach. By this, we managed to earn a position in the top 10 fashion societies of Delhi University. Apart from the tasks, walk sessions for models were held through google meet every alternate Sunday so that the models, when needed, would be ready for the events. In October 2021, Elantré conducted its first online competition called Glitteratti 2021 and it was a success. In February 2022 Elantré participated in IIM Bangalore's annual cultural fest- Unmaad'22. The society continued to operate in offline mode from March'22 to May'22. In the offline session, models were given live walk sessions and sessions on posing and being confident. Makeup artists practiced and enhanced their skills by trying different looks on the models and the creative team worked on the social media content and management of costumes and props for the upcoming shows. The team performed offline in the college premises for the NAAC assessment. The theme was "women empowerment" and the show received much appreciation from all the teachers and the audience. On behalf of Elantré, a makeup artist- Kushal Gupta along with the President- Ayushi Bhalotia as a model bagged 1st position in face painting competition held by Rajdhani College, DU in their annual cultural fest.

Elantré provides a great opportunity to all the girls of Bharati College in bringing out their boldness and moulding them into a confident person in and out.
